

Onondaga Camp

*A perfect blend of outdoor adventure
and creature comforts*

We are very fortunate to return to Onondaga Camp for our retreat again this year - what an opportunity!

All our delicious meals will be provided for us in the spacious dining hall – complete with a large and inviting fireplace.

We will stay in spacious wooden cabins which sleep eight. There are sink and toilet facilities located in the cabins, and there is also a heated washroom building, complete with showers.

Optional recreational activities include hiking trails, climbing wall, challenge ropes course, canoeing, crafts, and more. Outdoor education staff will be on hand to guide us.
